Alan Printz also brought up the hole in the parking lot which will also need to be filled in eventually. There may need to be further analysis of the sewer lines outside in the future to ensure there will not be continuing issues with lines backing up. More trees and tree branches came down after Fescht and have been cleared. At this time there is not a need to have someone come out and look at the trees. Pool Report: Discussed the negative balance for the pool during the month of July. The weather in July is a huge factor in the performance of the pool. The costs of labor and payroll have been high compared to profits. The pool closes September 1st, Labor day weekend. Alice Welsh had 9 guards return with the highest pay and had to train 8 new guards. Alice needed the new guards to train with the experienced ones, explaining the payroll being higher for the month of July. Alice also pointed out some of the labor costs are from the painting of the pool and the snackbar as well. The costs for supplies have also increased. Lisa Radcliff will provide the full scope of profit and loss for the pool once it closes for the season. Alice is also still waiting for the check for LVHN for the aerobics instructor. Alice is also still waiting for a check from Brookfield Apartments for use of the pool.

Manager's Report: Some of the larger projects have been completed while others are still in process. Amy has been working closely with Sherry Oels regarding the Fescht financial reports. The gates at Fescht brought in about \$80,000, which is a great turnout for the event. The Fescht committee will be meeting to discuss potential changes and adjustments to the Fescht to make it a successful event. Donald Young requested a meeting of the Fescht committee happen sooner rather than later to discuss the event.

New Business: Diane Angelmeier needs volunteers. Diane and Liz Young suggested asking the sports organizations to require so many volunteer hours for the Park in their contracts.
